AND

LEARN

The greatest war of all is finally over, and now we have our chance to make a new try at peaceful living. What with suddenly finding ourselves right smack in the middle of the Atomic Age", it may not be too easy, but we know now that this is in all probability our last chance to make a go of it.

While we cannot and must not ever forget for a moment the sacrifices that have been made in these last five years so that this day might come, peaceful living means peaceful pursuits, and in the minds of all of us, peaceful pursuits certainly mean, among other things, good, happy times.

With appreciation

It was his good humor that made us immediately like the man, but it was his fairness, ability, and genuine interest in his students that soon added the true respect and admiration that we all feel for him. As a teacher and a man, he is really "tops" with us. And so we are glad to be able to show our thanks to Dr. Roberts C. Bullock by dedicating to him this forty-fourth volume of The Agromeck.

DR. FRANK PORTER GRAHAM
M.A., LL.D., D.C.L., D.LITT.
President of the Greater University

COLONEL JOHN W. HARRELSON B.E., M.E., Dean of Administration

ADMINISTRATION

The biggest job that our administration has had in recent years began with the end of the war. From an enrollment of about five hundred civilian students in the spring of 1945, the number of students grew to twelve hundred in September, eighteen hundred in January, and finally, to twenty-seven hundred in March. Running a college at a time when enrollment is high and labor and building supplies hard to find isn't easy, and the administration deserves the thanks of the state and the college for making out with what was available.

DEAN E. L. CLOYD B.E., M.S. Dean of Students

HENRY FITZHUGH DADE Assistant Dean of Students

THE FACULTY COUNCIL

Col. J. W. Harrelson, Chairman; B. F. Brown, T. E. Browne, D. B. Anderson, L. D. Baver, M. E. Campbell, E. L. Cloyd, Secretary; H. A. Fisher, J. H. Lampe, W. L. Mayer, Z. P. Metcalf, I. O. Schaub, W. E. Shinn, C. B. Shulenberger, J. G. Vann, L. L. Voughan.

DEAN B. F. BROWN

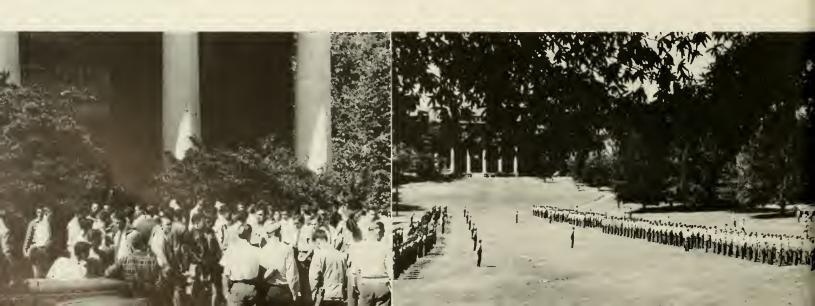

BASIC DIVISION

First things being first, the Basic Division heads the list of divisions of the college. All first and second year students are under the authority and guidance of the B. D. and its wise and very capable head, Dean B. F. Brown. In the basic division students get most of the fundamental courses, the courses which prepare them for later branching out into their chosen technical schools, and, at the same time, they are given the opportunity to find out for certain that the course which they have chosen for their major is really the one they want. In case it isn't, they can change while in this division with the minimum of inconvenience and lost time or credit.

THE BASIC DIVISION FACULTY

Economics: C. B. Shulenberger, R. O. Moen, M. C. Leager, R. W. Green, T. W. Wood, L. J. Arrington. English: L. C. Hartley, R. P. Marshall, J. D. Clark, T. P. Harrison, A. I. Ladu, A. M. Fountain, E. H. Paget, P. A. Davis, H. G. Kincheloe, A. B. R. Shelley, T. L. Wilson, W. K. Wynn, J. C. Drake, J. P. Nickell, R. B. Wynn.

Ethics and Religion: W. N. Hicks. History and Political Science: James W. Patton, L. W. Barnhordt, W. L. Seegers. Modern Languages: L. E. Hinkle, S. T. Ballenger, Ruth B. Hall. Physical Education: J. F. Miller, C. G. Doak, T. I. Hines. Sociology: S. R. Winstan.

ENGINEERING SCHOOL

The field of engineering, and all of its branches, received a tremendous stimulus as a result of the war, and, with the coming of peace, a great deal of experimental and practical equipment was made available to engineering schools and colleges. State College's school of engineering, through its new Dean of Engineering, Dean John Harold Lampe, and several completely reorganized departments, is taking advantage of this opportunity to improve its technical facilities. One of the immediate aims of this program is that of having all departments accredited by the Engineer's Council for Professional Development.

DEAN L. D. BAVER

AGRICULTURE and FORESTRY

The School of Agriculture and Forestry with its extension service has made valuable contributions to the state and nation during the war. Now, with peace once more enforced, plans for a larger and better school can soon be put into effect. With the timber resources of America rapidly being depleted, there is a splendid opportunity for State College to train young men to care for our forests. And with the people of many European countries starving to death, the school is rendering a service to humanity in teaching its students to produce more and better food. The agricultural extension service's technically trained men are carrying the information obtained by the experiment station out over the state.

THE SCHOOL OF AGRICULTURE AND FORESTRY FACULTY

Dearstyne, N. W. Williams, H. C. Gauger, R. E. Greaves, D. W. Gregory, C. H. Bostian, R. Harkema, M. A. Abrahamsen, E. G. Diseker.

SCHOOL OF TEXTILES

During the past few years the Textile School has grown by leaps and bounds until today it is one of the best in the world. The recently formed Textile Foundation has enabled the school to obtain an excellent research and teaching staff. The students get practical experience in laboratories which are equipped with the latest machines for weaving and testing textile materials. New and better dyes are being developed to keep pace with the demands for bright colors in all materials. In the next few years the textile school should contribute materially to the development of North Carolina potentialities in the textile field.

DEAN Z. P. METCALF

GRADUATE SCHOOL

The urgent need for graduate instruction in the fields of Agriculture, Engineering, and Textile Manufacturing has made this an important school. State College offers exceptional opportunities in research. It not only has the regular laboratories, but it is connected with bureaus in Washington. Under the leadership of Dean Z. P. Metcalf the graduate school is imbued with a spirit of progress stimulating to intellectual growth.

DIVISION OF TEACHER TRAINING

The college in North Carolina that trains capable men to instruct the rising generation in agriculture and industry is North Carolina State College. The Teacher Education Division includes Agricultural Education, Industrial Arts Education, Occupational Information and Guidance, and Industrial Education. Under the capable leadership of Professor T. E. Browne, this division has increased in size and scope, in spite of the war, and provides men trained in these fields who are needed throughout the state.

GOVERNMENT

Near the close of the 1944-45 school year, President Albert N. "Sleepy" Perry of the student council appointed a committee, composed of students and professors, to study the current honor system with the purpose of revitalizing its organization in order to more effectively promote a realistic regard for honesty among the students. Bill Heyward, vice-president at the time, was made chairman of the committee.

Under the energetic guidance of Bill and the able assistance of several very interested committeemen (notably: Professor W. N. Hicks, Professor T. W. Wood, and Bill Gatlin) the committee drew up such elaborate and promising plans for a new honor system that authority was granted, at their request, to include the entire organic law of the student government in their planning. Meetings were held weekly for several months, and the experience of many outstanding colleges was carefully studied.

Finally a new constitution was drafted, reflecting some provisions of the original document and other college organizations, but mostly an entirely new vision of college democracy. The new organization was entitled: CAMPUS GOVERNMENT AND HONOR SYSTEM OF THE NORTH STATE COLLEGE.

Before ratification, the regular Spring elections were held. Ratification of the constitution included approvals by the student council, student body, faculty council, general faculty, and the board of trustees.

Under the war program of the college, a regular term was held during the summer and the new council assumed its duties with regular weekly meetings. Many of the regular councilmen enrolled, but a special election was held to choose representatives for those positions which were empty.

Officers of the summer council were: Bill Gatlin, President; Ed Mahoney, Vice-President; Tony Gaeta, Secretary; and Chester Fisler, Treasurer. Representatives were: C. A. Dillon, John Castleberry, Tom Garrison, Loy Thompson, Charles Hughes, Bill Thornton, James Cheek, Tony Lemay, Bobby Wooten, Charles Moss, Collins Wright, and Doug House.

Adopting a serious attitude toward their responsibilities,

the summer council administered a very full program during the term. Their work included: formulation and adoption of a new set of by-laws to the new constitution, a successful State-Meredith party, a midsummer hop in Frank Thompson Gymnasium, and the routine details of student government.

With the ending of the great war and the influx of many more students, the work of the campus government began in earnest on the opening of the Spring term. Although officers and representatives had already been elected under the regulations of the old council, the new government wisely decided to organize and conduct their business as near as possible to the letter of the new constitution. First, four faculty representatives were elected internally by the council, and then elections were held in each of the four professional schools to form the honor committees.

Business of the Fall term was begun with the formation of the cheerleader squad, with Joe Monroe winning the head-cheerleader position—Chester Fisler acting as the organizing agent for the council. Three weeks later, the council staged the annual Dad's Day Celebration which ended with a halftime program at the State-Wake Forest football game in Riddick Stadium. An unhappy incident of that weekend was the scandalous painting of Wake Forest campus. Friendly relations were reestablished when the campus government formally apologized and offered to pay the cleaning expenses.

After considerable waiting, the new constitution was finally received from the print shop in an attractive blue booklet and was distributed to every member of the college by the council. The next major project of the council was the circulation of a petition that the Christmas Holidays be extended to include the New Year. A large majority of the students signed it, and the faculty council did grant an extension of four days.

Other acts of the council during the fall term resulted in recommendations regarding: facilities for Al Millman's orchestra, the use of fireworks on the campus, installation of telephones in the dormitories, and the honor program.

Continuing their policy of meeting weekly instead of bi-monthly as prescribed in the constitution, the council returned after Christmas to a pressing schedule of campus problems. Besides further organizing of the honor system, the freshman elections were held during the month of January.

Probably the most significant legislation of the winter term was a request by the council that seniors with a "B" average be excused from examinations. A very logical argument was advanced by the council supporting the proposal, and intense student sentiment arose favoring it. The faculty council disapproved the measure, but probably constructive work can be done along this line in the future. A favorite subject of dormitory gossip has always been liberalization of the cut system. Therein lies a promising field for aspiring student politicians. Another project was the hiring of a student to distribute the Blue Bulletin to all parts of the campus and allocation of money to install two new outdoor bulletin boards at convenient locations on the campus.

Near the end of the term a carefully prepared report from the promotion committee presented many excellent recommendations for campus improvement, and each was adopted by the council. A more integrated future program for the campus government was indicated by the constructive criticism and broad view presented in the report.

Plans for the Spring term included an elaborate "Hello Week", continued promotion of student honesty, better student-faculty relations, campus physical improvements, and encouragement of a solid and live school spirit.

News of State College's new system of campus government has already travelled fast and far. Requests have been received from schools all over the nation for the constitution and by-laws. For having done a remarkable job in reorganizing student government, setting a finer ideal for campus citizenship, and establishing a sound footing for the college's drive towards perfect campus harmony, the 1945-46 campus government council deserve our united congratulations.

Council Members: Bill Gatlin, President; Bill Thomas, Vice-President; Gene House, Secretory; Chester Fisler, Treasurer; Groy Byrum, Jr., John Pollock, Bill Blow, Bobby Wooten, Jerry Weyne, Douglas House, Charles Moss, Phil Taylor, John Martin, Tony LeMay, "Mac" McDonald, James West, George Smith, Jack Fessenden, David Starling, Jack Harris, Jimmy Wilson, George Sledge. Faculty Members: W. N. Hicks, E. B. Grover, William McGehee, J. D. Paulson.

A G R O M E C K

In producing this first post-war AGROMECK we have tried always to keep before us the foct that this is not only our book, but the book of all who will reod it. We know that the AGROMECK is probably the most concrete link that all of us will have with these, our college days, after we leave to take our places in the world. And, with this thought in our minds, we have tried to fill this book with as many words and pictures as we could to help you remember. We realize that we can only save a port of your college life for you in this way, so we can only hope that we have captured some of the best parts. The opportunity that you gave us to do this job was a fine one. We have had a wonderful experience, and if you find enjoyment in this, our work, now, and in years to came, we will indeed be well paid for our efforts.

But before we give this volume up to you, we want you to know about some mighty fine friends of the AGRO-MECK. Without them, the book could never have been published as it is. We want you to know about Len Glover, who works for our engrover, and whose guiding hand helped us to loy out the form of our book. His experience and helpfulness have been truly invaluable. And we want you to know about Mrs. Hattie Daniel and Budgy Riggan, who did such a good job of taking our photographs. And finally, we want you to know about Harrie Keck, our printer, who has to make up the time that we lose because he is the last mon on the production line. These are our friends, and friends of your AGROMECK.

TECHNICIAN

Since its first issue on February 1, 1920, THE TECHNICIAN has grawn from a small three column, bi-weekly newspaper to the present seven column, weekly publication. The paper was begun by students and has always held the status of an enterprise directed and managed by students only. As are all other publications on the campus, the newspaper is governed in an advisary capacity by the Publications Board but is in no way subject to faculty censorship.

THE TECHNICIAN has the same purposes as any newspaper serving a community: to disseminate current and important news, ta present interesting features and appropriate editorials, and to provide its readers an appartunity to express their apinion on any subject. In summing up briefly the editorial policy of this year's TECHNICIAN, one could say that the newspaper has done everything possible to better student-faculty relations, to insure the enactment of justice in all student affairs, to support wholeheartedly all worthy student activities, to promote higher scholastic ideals and more efficient student government, and, in general, to build a better State College.

This year, the TECHNICIAN has had the opportunity to serve the campus during what will perhaps prove to be one of the most eventful years in the histary of State College. During the transitional period which has fallowed World War II, the TECHNICIAN has been able to double its size over that of the paper printed during the war. Though journalistic work is not recognized as a part of the college curriculum, the staffs of the TECHNICIAN have succeeded in putting out a paper which is, indeed, a credit to the school.

The staffs are:

Editorial: Bobby Wooten, Editor; Dick Kennison, Managing Editor; Woody Williams, Associate Editor; Buddy Bingenheimer, Sparts Editor; C. A. Dillon, Assistant Sports Editor; Neal Thompson, News Editor; Ed, Price, Art Editor; Howie Kaden, Music Columnist; Bill Gatlin, Columnist; Bill Ellis, Columnist; Marshall Bryant, Sports Reporter; Gordon Kelly, Reporter; Jules Silverstein, Reporter; James West, Reporter; Marshall Pinnix, Reporter.

Business: Gene House, Business Manager; Ike Tull, Associate Business Manager; Doug House, Local Advertising.

Circulation: Alton Wilson, Circulation Manager; Tam Haislip, Associate Circulation Manager; Bill Cochrane, Circulation Staff.

MAURICE DUNN Editor

PAT FUGATE
Business Manager

The

SOUTHERN ENGINEER

One of the first publications to be reactivated this year after war time suspension was THE SOUTHERN ENGINEER. Maurice Dunn, as editor, and Pat Fugate, as business manager, were selected by the ENGINEERS' COUNCIL to head the magazine, one of the leading student engineering journals of the country.

Editorial Staff: Theron E. Burts, Managing Editor; Joe Monroe, Stephen Wilbur, Bob Smithwick, Bill Milloway.

Business Staff: Ed Sellers, Associate Business Manager; John Martin, R. L. Bostian, Jr., Circulation Manager; E. B. Pate.

STATION WNCS

This year a new "publication" was added to the campus. The Student Broadcasting System was farmed under college supervision, and was granted membership in the Intercollegiate Broadcasting System, a national organization of carrier-current type college radio stations.

Pragram Staff: C. A. Dillon, R. L. McCoy, L. W. Gatlin, Mack Stamps, W. K. Thornton, J. F. O'Neal.

Technical Staff: Tam Meltan, J. L. Israel, John Huffman, Joel Reames, Carl Walker.

Tau Beta Pi, the national honorary engineering fraternity, was founded at Lehigh University in 1885. The Alpha of North Carolina was installed here in 1925. It is the purpose of the fraternity to mark in a fitting manner those engineers who have conferred honor upon their Alma Mater by distinguished scholarship, liberal culture, and exemplary character. To be elected into Tau Beta Pi is one of the highest honors that a student engineer can receive.

Student Members: C. R. Fincher, H. L. Jordan, G. W. Parker, R. W. Smithwick, N. M. White, Jr., T. L. York.

The Pine Burr Society was founded in 1922. It is a scholarship fraternity, and in addition to being solely a State College organization, is the first and oldest all-college honorary fraternity on the campus. Pine Burr has three objectives, namely, the encouragement of high standards of scholarship, the development of leadership, and the preservation of the history of the college.

Student Members: John C. Boyter, Harrell J. Lewis, D. W. Sewell.

The highest honor that a freshman may obtain scholastically is to become a member of Phi Eta Sigma. The National Freshman Honorary Fraternity strives to encourage first-year men to have a desire for excellence in life.

Editor's note—Unfortunately, initiations for Phi Eta Sigma were held too late this year to allow including the members from the class of 1949 an this page.

The Society of Textile Scholarship was founded at State College. The fraternity offers a cup each year to the Senior in Textiles who has the highest scholastic average. To meet the requirements for membership, a textile student must have an average of not less than 80. Sigma Tau Sigma sponsored The Textile Forum, the college's textile journal.

The North Carolina Chapter of Alpha Zeta, national honorary agricultural fraternity, was established in 1904. Alpha Zeta's first chapter was founded at Ohio State University in 1897. The members are chosen from the upperclassmen of the School of Agriculture who possess outstanding qualities of character and leadership and who have a scholastic ranking in the upper two-fifths of their class. The chapter is always striving for the advancement and betterment of the Agricultural School and all the agricultural endeavors. The chapter was reorganized early in 1946, after becoming inactive in June 1943 when all of its members were called to arms.

The object of Pi Tau Sigma, national honorary fraternity for Mechanical Engineers, is to foster the high ideals of the engineering profession, to stimulate interest in coordinating departmental activities, and to promote the mutual professional welfare of its members. The organization became temporarily inactive in 1944 when 34 of its 35 active members were called for duty in the armed forces. In the spring of 1945 the chapter was again organized when eleven students were initiated.

THE ENGINEERS' COUNCIL

The Engineers' Council is composed of representatives from all the engineering technical societies on the campus. It helps to coordinate the activities of the vorious societies and to provide a link between the different deportments. The council sponsors and supports the Southern Engineer, which was reactivated this year after a two year lapse because of the war.

The Council also sponsors the annual Engineers' Ball, at which time the ceremony of Knighting into the order of Saint Patrick is held, and the annual oward to the outstanding senior in engineering is presented.

Seniors in engineering who were knighted by Jimmy Hepler, the Official Representative of Soint Patrick this year, were Mike Andrews, Merrimond Mizelle, Ed Mahoney, Joseph Stroud, Fred Snyder, Joe Briggs, Jerry Weyne, Bob Kelly, Nelson White, Pote Fugate, Whitey Johnson, Bobby Wooten, Thomas Jackson, George Stevens, Bill Gatlin, Bill Thomas, Jimmy Deas, George Parker, J. B. Moniz, Camp Fuller, Roy Ingle, and Harrison Wroton. The award to the outstanding senior went to Jerry Weyne, M. E.

AMERICAN SOCIETY OF CIVIL ENGINEERS

The American Society of Civil Engineers, founded in 1852, has as its objects: "The advancement of the sciences of engineering and architecture in their several branches, the professional improvement of its members, the encouragement of intercourse between men of practical sciences, and the establishment of a central point of reference and union for its members."

The Chapter has attempted to attain these objects through its regular meetings by having slides, lectures, films and other educational programs. The Society has attempted to establish closer cooperation and friendship among its members by smokers and other entertainments, and, at the same time, acquaint new students in Civil Engineering and other branches of engineering with the Society and with the course.

N. C. STATE VETERANS' ASSOCIATION

During the 7th War Loan Drive the Association handled bond sales on the campus. This drive proved to be very successful.

The Association appointed a committee to locate apartments for incoming veterans and their families. This program aided many veterans in finding living quarters.

The Association put before the faculty council a tutoring program to aid students who were deficient in Math, English, Chemistry and Physics. The faculty council approved this suggestion.

During the summer term, the Association had a successful fish fry. Thus far in the fall term of 1945, the Veterans' Association was host to a successful dance, their first Annual Harvest Moon Dance. The decorations were best seen in the college in many years.

The Association also took part in the final Victory Loan Drive, United War Fund Drive, and the sale of tickets for the Raleigh Little Theatre. They were also invited by the Rex Hospital nurses for a dance.

Phi Psi is the largest textile fraternity in the world, and its alumni hold some of the highest positions of trust and respect in all branches of the industry. So that the alumni might maintain closer contact with each other, alumni chapters are located in all leading textile centers of the country.

Since its organization at State College, Eta Chapter has taken an important part in the activities of the Textile School. Its members have been prominent, not only in the affairs, of the department but also of the college as a whole. They have gone out to earn places of trust and responsibility in the textile industry.

Theta Tau is a professional engineering fraternity of college students. The purpose of this organization is to develop and maintain a high standard of professional interest among its members and to unite them in a strong bond of fraternal fellowship. This chapter sponsors the Little Theater membership drive on the campus.

Professor R. B. Rice

PRATT AND WHITNEY FELLOWS

PROFESSOR ROBERT B. RICE Coordinator

Fellows: Rachel Baxter, Caroline Brunson, Eloise Dempsey, Irene Dillingham, Pamala Goodwill, Jeanette Guy, Mamie Gwynn, Corolyn Hamrick, Janie James, Mary Jordan, Jane McConnaughey, Louise Overton.

Before the acute manpower shortage the Pratt and Whitney Aircraft Engine Company had the toresight to start a training program for young women college graduates at various technical schools. These young women were selected from different graduoting classes all over the country, and sent to certain technical schools where Pratt and Whitney had established training centers. The training program here at State College specializes in mechanical engineering and is ably directed by Professor Robert B. Rice. Their one year's special training here is meant to serve only as a general engineering background, and upon leaving here the Pratt and Whitney Fellows will go into advanced troining in the production plant.

TOMPKINS TEXTILE SOCIETY

The Tompkins Textile Society hos been a very active organization this year. Besides its regular meetings, at which prominent men of the textile profession address the members, the society also has sponsored several dances and parties. The Lint Dodger's Boll of last spring was held by the Society, and several parties have been held this year. The Textile affairs have all been consistently good this year, and the Society has done o fine job.

Sigma Nu originated from the Legion of Honor, a secret society organized in 1868 at the Virginia Military Institute. The four founders were moved by idealistic hopes, and they founded a society which would inculcate honor and mutually benefit its members. Since its founding the fraternity has prospered and at the present time, there are 99 active chapters throughout the country. It is the oldest fraternity at State College, Beta Tau chapter having been installed here in 1895. The purpose of its founders was "to establish through the warm friendships af a group of congenial college men, on the foundation stone of honor, ideals of intellectual achievement, character, and social development, all to the end of becoming better men and better citizens."

On March 1, 1868, Pi Kappa Alpha fraternity was founded by six students at the University of Virginia. These six men had long been close friends, going through the Civil War together. Wishing to perpetuate their friendship they founded the Pi Kappa Alpha fraternity. Pi Kappa Alpha has always encouraged scholarship, maintained a high spirit af fraternalism among its members and engaged in all college activities in a sporting manner. The colors are garnet and gold and the flower is the lily of the valley. Since Pi Kappa Alpha's birth at the University of Virginia, it has prospered until chapters are at all the leading colleges and universities of the country; until now there are seventy-four active undergraduate chapters and eighty-four alumni chapters.

Sigma Phi Epsilon, national social froternity, had its inception at Richmond College (now University of Richmond) in Richmond, Va. on November 1, 1901. It was organized by six friends gathered together as a purely social organization and known as the Saturday Night Club. The principle of good fellowship was the keystone. There are now 70 active chapters throughout the country with a total membership of over 24,000 members. The local chapter was the thirteenth chapter installed in the country, on March 4, 1905.

Delta Sigma Phi, international social fraternity, was founded at the College of New York City on December 10, 1899. There are now fifty-five chapters, totaling a membership of some fifteen thousand. Thirty-nine chapters own their own homes, with a total valuation of \$1,500,000. There are twenty-one alumni chapters. On May 10, 1915, Rho Chapter was installed at N. C. State College. This chapter was formed from a local organization, Gamma Alpha Nu Gamma, commonly known as the Gang. This was an organization of three years' standing. The fraternity observes a conservative expansion policy. Petitioners must meet legitimate scholarship, chapter organization, and house ownership requirements. Membership is limited to men of the white race whose ideals and beliefs are those of modern Christian civilization.

Sigma Pi, national social fraternity, was founded at Vincennes University, Vinicennes, Indiana, February 26, 1897. The purpose of its founders were "To organize the most worthy activities, social, athletic, and scholarly, and to set a high standard of manliness and college loyalty." The fraternity naw has thirty active chapters located in eighteen different states. Twenty-four chapter houses are owned by the fraternity, representing an original investment of \$650,000, exclusive of furniture, and so forth. Rho Chapter was installed at State College in 1921. The chapter owns its own chapter house located at 2513 Clark Avenue.

Founded at Boston University in 1909, Lambda Chi Alpha has expanded until it now has one hundred and twelve active chapters. These chapters are established at most of the prominent colleges and universities throughout the country. Lambda Chi Alpha employs two full time traveling secretaries who visit the chapters and maintain their contact with the general fraternity. The "Cross and Crescent" is the fraternity magazine and is published seven times annually. "Delta Pi," the secret magazine, is published quarterly. The "G-U-Growler," the news letter of the local chapter to its alumni, is put out quarterly. Other Lambda Chi Alpha chapters in this state are located at Duke, Wake Forest, and at the University of N. C. Every year these chapters, together with the State College Chapter, have "get-togethers" in the form of track meets, picnics, dances and house parties.

Alpha Lambda Tau was founded at Oglethorpe University in 1916. It was the first fraternal organization at that institution following its reorganization in the same year. Originally formed as the Alpha Lombdo Club, it was later decided that the froternity should become a national order, and was incorporated under the laws of the State of Georgia as Alpha Lambda Tau. There was at first an idea that the fraternity would never go north of the Mason-Dixon line, but this was disproved in the 1927 national convention, at which a charter was granted to a group at the University of Illinois. Zeta chapter was installed at North Carolina State College on January 22, 1925. Since that time it has grown steadily and its members have token an active part in campus affairs. There are alumni chapters located in many of the larger cities. The chapter owns its own house which is located at 10 Enterprise Street.

Sigma Alpha Mu was founded at the College of the City of New York on Thanksgiving Eve, November 26, 1909. The object of the fraternity as written in its constitution is "to form a close social and fraternal union of Jewish students of the various universities, colleges and professional schools in America; to foster and maintain among its sons a spirit of fraternity, a spirit of mutual maral aid and support; to instill and maintain in the hearts of its sons love for and loyalty to Alma Moter and its ideals; to inculcate among its sons such ideals as will result in actions warthy of the highest precepts of true manhood, democracy, and humanity." The State College chapter of Sigma Alpha Mu is the outgrowth of a local Jewish fraternity, Theta Phi, which had its beginning in 1929. From its beginning the fraternity has maintained high standards of scholarship and conduct.

Sigma Chi Fraternity was founded at Miami University, Oxford, Ohio, on June 28, 1855. It was the nineteenth college fraternity to be founded, and the third to be founded at Miami University. Today, Sigma Chi consists of 103 active chapters, and 98 Alumni Chapters. Its chapter houses exceed \$3,370,000 in value, and it has assets of approximately \$480,000. The Sigma Chi chapter at North Carolina State College was installed on May 15, 1943, after two years' existence as a local fraternity known as Chi Sigma. This year was highlighted by the third annual Sigma Chi Sweetheart Ball given in the Hotel Sir Walter.

FOOTBALL

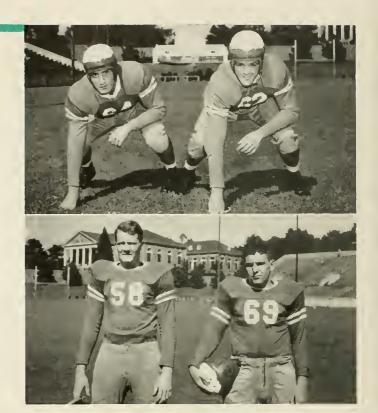

The Wolfpack of State College, second edition, Beattie Feathers "publisher," although not so successful as the 1944 team still played some mighty impressive ball, even though only three victories were registered. Two of the wins were registered against Southern Conference schools, and several of the losses were by only one point, or one touchdown.

The 1944 aggregation won seven games in nine starts, but the fans and alumni long will remember many of the colorful and thrilling exhibitions of football maneuvers which were unfolded by the State squad during the past campaign. The team played many interesting contests and would have chalked up more triumphs if some of the key players had not been injured so often.

STATE 47; MILLIGAN 12

State's young Wolfpack inaugurated its 47th grid season with an impressive 47-12 victory over a hapless Milligan College team. The Wolfpack's first string saw action less than half of the game as the boys in red marched up and down the field to score almost at will.

Coach Beattie Feathers' eleven scored on their initial play from the line of scrimmage on a pass from All-Southern Howard Turner to wingback Charlie Richkus. It took the Wolfpack five plays to notch their second touchdown the next time that they took control of the ball. This time, fullback Bobby Worst bucked the middle of the Buffalo's line for the score. Turner made a beautiful 37 yard run for State's third score to give the Wolfpack a 21-0 lead after ten minutes of the first quarter.

Gaeta, Rattelade Jensen, Turbyfill

At this point, Coach Feathers sent in his second string, who found the Milligan boys a little difficult to handle. The State reserves yielded two quick touchdowns in the second quarter, and State's lead was cut to 21-12; but the first stringers took back over at the start of the second half and built up a tremendous lead.

Turner was outstanding on offense during the short time he was in the game. The entire first string line was impenetrable to the Milligan attack.

STATE 6; VIRGINIA 26

Coach Frank Murray's Virginia Cavaliers scored one touchdown in each of the four quarters to trounce State in a bitterly fought contest at Norfolk's Foreman Field on September 30. A speedy backfield, led by Halfback John Duda, combined with an almost airtight defense to give the Virginians their 26-6 victory. Duda scored three of the Cavalier's four touchdowns.

The game was much closer than the score might indicate, as the Wolfpack led in first downs by 17 to 11; but State's usually dangerous passing attack connected on only one of nine passes.

Several of the Wolfpack players were injured in this game, including Howard Turner, who was taken from the game with a hand injury. Nevertheless, he did make State's only score no a 13 yard dash in the third period.

The Wolfpack penetrated to the Cavalier goal line late in the fourth period, but was unable to crack through the stubborn Virginia line for another score.

STATE 0; CLEMSON 13

The Tigers of Clemson invaded Riddick Stadium on the night of October 6 and turned back the bruised Walfpack, who were ailing from the preceding week's game with Virginia. The 9,000 fans, many of whom had witnessed the powerful Navy eleven lick Duke at Durham earlier in the day, watched the Tigers push up and down the field through the State defense. Coach Frank Howard's boys gained over 270 yards rushing against 95 for State, and the Tigers gained 92 yards by passes to only 64 for the 'Pack.

The Wolfpack's main offensive threat, Howard Turner, had sustained a hand injury in the Virginia game, and was unable to either pass or run. Charlie Richkus moved to the tailback spot, was was unable to drive through the big Clemson line.

The Tigers were led by a sensational freshman half-back, Bob Gage, who played havoc with the State defense. He set up both of the Tigers' scores by his long runs.

State made only one solid bid for a touchdown, and that came in the final period when they drove to the opponent's 12 yard line.

STATE 14; V. M. 1. 21

The Kaydets from Virginia Military Institute pulled a minor upset by trimming the favored Walfpack in Riddick Stadium on October 13. A blocked punt that rolled behind the goal line for a two point safety late in the third period was the play that kept the Lexington boys in the game. The safety tied the score at 14-14 and seven plays later, the Kaydets tok charge of the

The start and finish of Turner's 105 yard touchdown against Duke.

ball on their own 19 and marched 81 yards for the final tally of the game. State missed a chance of tying the game in the last two minutes when Richkus passed to Lum Edwards over the goal, but Edwards let the ball slip through his fingers.

The surprisingly strang V. M. I. team was led by Lynn Chewning, a freshman halfback. He was a great runner, and a fine punter, in fact, he was instrumental in leading the Kaydets to their final 81 yard touchdown march.

Howard Turner topped State's affense by scoring two of State's tauchdowns. For the second straight week, he was unable to pass because of a hand injury sustained in the Virginia game.

STATE 18; WAKE FOREST 19

The Wolfpack reached their highest peak of the season when they outfought and outplayed the powerful Deacons from Wake Forest in a night contest at Riddick Stadium; but the educated toe of Ba Sacrinty spelled defeat for the Wolfpack, who matched the Deacons in touchdowns, but who could not convert their extra points. Bo's conversion after Wake Forest's second tauchdown proved the difference in the final score.

The contest developed into a spectacular passing attack between State's Howard Turner and Wake Forest's Nick Sacrinty; and the 17,000 fans who filled every seat in Riddick Stadium yelled themselves hoarse as the two teams struck up and down the field. Turner, unable to pass against Clemson and V. M. I. because of a hand injury, played his greatest game for the Wolves. Not only did he look good as a passer, but also he was the best runner on the field; and his kicks averaged 37 yards. Nick Sacrinty, on the other hand, had a better passing average than the State star, and he also turned in the longest run of the night-an 89 yard kickoff return for a touchdown. He also scored the Deacons' other two touchdowns.

State marched 60 yards the first time the Wolfpack went on offense for the first score of the game.

Bonner

Klock missed the conversion for the extra point and State had the lead at 6-0. One play before the first quarter ended the Deacs gained possession of the ball on their 37 yard line and from there Sacrinty and Brinkley drove through the State line until they crossed State's goal line. The attempt for the extra point failed, and the score was then tied at 6-6.

Late in the second quarter State took possession of the ball on the 'Pack 19 and Turner began some beautiful broken field running—gaining 71 yards in six plays. With the ball on the Wake 7, he passed to Courts for State's second score. Foreman blocked the attempt for the extra point. With 21 seconds to go in the first half, State kicked off to Wake Forest. Nick Sacrinty took the ball on his 11, and with some fine blocking in front of him, the Deacon ace ran 89 yards untouched for a score. His brother, Bo, converted to put Wake in the lead at 13-12 at half time.

The Deacs drove constantly into State territory in the third quarter, but failed to cross the goal line. Early in the fourth period, Sacrinty began connecting on some long passes, which resulted in another Deacon touchdown and a 19-12 lead. State took to the air in

a desperate attempt to score, and Turner's accurate aim connected on some passes which netted State 60 yards. With the ball on the Deacs' 13, Richkus rammed his way to 1 and Naugler drove over for the score. Naugler attempted to tie the score, but his attempt failed as the attempted conversion was blocked.

With two minutes remaining, Courts blocked Brinkley's punt and State took over on the oponents' 39. A pass connected to the 30, but three successive passes failed to click, and the game ended at this point.

This game will long be remembered as probably the test game played in North Carolina during the '45 season.

STATE 20; WILLIAM AND MARY 6

State's constant jinx over William and Mary continued as the Wolfpack upset the favored Indians from Williamsburg 20-6 on Friday night, October 26, in a game played at Norfolk.

Once more it was Howard Turner's accurate passing that won the game for State. He connected on six out of nine tosses for two touchdowns. His short 5 yard pass to Bill Stanton in the opening stanza gave the Wolfpack

its first score, and his 30 yard pass to Wingback Richkus connected for another touchdown at the start of the second quarter. Coach "Rube" McCray's eleven scored—bounced back just before the half ended to score on a pass from Magdziak to Mills.

Both teams failed to yield a score in the second half until late in the game. The Indians, troiling 14-6, were trying desperately to score. Magdziok foded back to his 43 for a pass, but he had difficulty in finding a receiver. The tailback cocked his arm back, but before he could get rid of the ball, Big Tony Gaeta, State guard, crashed toward Magdziak, seized the ball out of his hand, and dashed toward the goal line for State's third score.

During the four years which State has met William and Mary on the gridiran, 1940, 1941, 1944, 1945, the Wolfpack have been the decided underdog before each contest, but, nevertheless, have won each game.

STATE 6; V. P. I. 0

In a very dull game played at Riddick Stadium before 9,000 Homecoming Day fans, the State Wolfpack, saving their all for the game coming up with Duke, eked out a 6-0 win over the Gobblers of V. P. I. The game's lone score came early in the second period on a 39 yard poss from Turner to Courts. Immediately following the

Edwards, Gibson

score, Turner injured his back, and Coach Feathers kept him out of the rest of the game.

The Wolfpack's scaring drive started from their 46 after five plays of the second period, and 54 yards were negotiated on three successful and successive passes by

Six points against Duke.

Turner. He tossed the first one to Courts in the flat far one yard. He then fired one to Lum Edwards on the Tech 39. Then came the payoff play. Turner faded back and passed to Courts behind the apponents' secondary for the scare. Orr blocked Klock's attempted conversion.

This game was the last hame game for the Wolfpack.

STATE 13; DUKE 26

Too much power and too many reserves—those were the factors which led to the Duke victory over a fighting Wolfpack in a game at Duke's giant stadium, but it was Coach Feathers' boys who provided the big thrill of the afternoon—a thrill that the 13,000 fans who witnessed the game will long remember.

Howard Turner kept the Techs in the ball game up until the final minute when he ran 105 yards for a touchdown in the third period after intercepting a Duke pass in the end zone. Turner's run was the longest run in Big Five football since Ace Parker's run back of 105 yards of a Carolina kickoff back in 1936 when Duke and Carolina were playing in Chapel Hill. Duke was leading 20-6 late in the third period, and appeared headed for a fourth scare when Turner intercepted Herlang's pass in the end zone intended for Kelley Mote. Klock converted for State and the quarter ended 20-13. The powerful Devils held State intact for the remainder of the game. With six minutes to go, Richkus' kick was blocked and Duke drove down to their final score.

Turner's back injury, sustained in the V. P. I. game, was injured further just before the blocked kick, and he had to be taken from the game.

The win was Duke's twelfth straight over State.

STATE 7; MIAMI 21

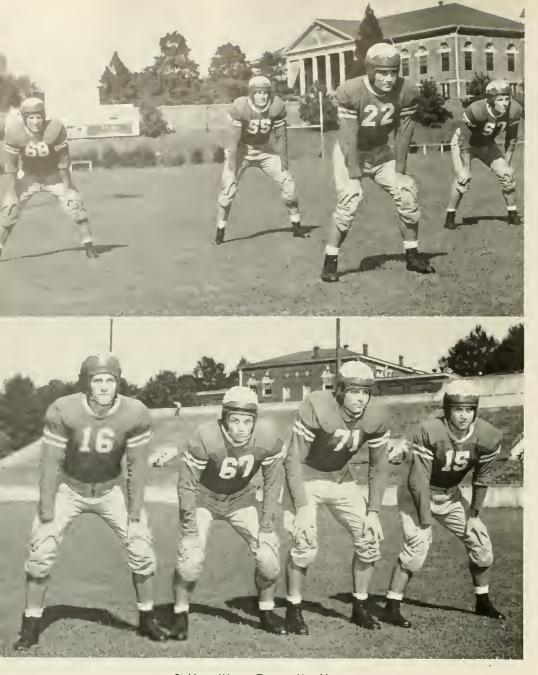

Coach Feathers' Wolfpack, minus the services of Howard Turner, journeyed to Miami and concluded the season with an unimpressive 21-7 loss to the Hurricanes. Turner's ankle injury sustained in the Duke game had not healed sufficiently for him to perform against Miami.

The Wolfpack started the fireworks early in the first period when Courts picked up a Miami fumble and reeled off 55 yards for a score. Klack's conversion was good, and State led at 7-0. From then on out, it was all Miami as they marched up and down the field almost at will. The Hurricanes gained 277 yards rushing as against 110 for State.

This game concluded Coach Feathers' second season at State. During his two years here, his teams have won ten games and lost eight.

STATE-V. P. I .- They both dropped it . . .

Richkus, Worst, Turner, Naughler, Klock, Dorton, Stanton, Goehring.

BASKETBALL

Prospects for an upper bracket basketball team at State College in 1946 seemed very vague at the opening of the season. Kohler and Turner were the only two returning starters and the reserves were noticeably weak in college experience. Neal, a husky freshman from Roanoke Rapids was billed as a former high school star, but two years in the service had a good possibility of slowing him up. Bones McKinney went to school at Carolina instead of returning here and Coach Jay was very pessimistic over the future. In December a flood of returning veterans brightened the picture considerably. Eddie Morris, Jim Boger, Dick Nickels, Milton Hobbs, and Lewis (Hotdog) Hartzog came back, all of whom had played good ball before for State, Owens, Johnson, Cool, Bridger, Lovin, Swartz, Robinson, Linville, Poteat, and Bryant rounded out the squad. Coach Jay was dividing time between two jobs, and all in all the Terrors weren't expected to set the woods on fire-and they didn't but they did play some mighty fine ball at times and they also won some important games and lost some mighty close ones.

In the first game of the new year State swept back in the final minute of play to eke out a thrilling 60-59 victory over Hanes Hosiery at Winston-Salem. Hanes, moving away to an early lead, was out in front until seven minutes before the game ended, when the Red Terrors took over by one point to win. With less than two minutes to play, Boger and Neal dropped in baskets to put State three points ahead. Hanes scored a goal with but seconds left to play, but it fell one point short of knotting the count. Neal with 17 points, Turner with 13, and Hobbs 10, were outstanding for State College.

State's Southern Conference debut was spoiled by the Old Liners of Maryland in Frank Thompson Gymnasium in a game that was good and close up until the final 10 minutes of play. Maryland grabbed an early 8-2 lead, then Neal started dropping in baskets to tie things up and the remainder of the half was nip and tuck. Both teams left the floor at intermission with Maryland sporting a four point lead 21-17. For the first 10 minutes of the second half the action was close. After four minutes of play the Red Terrors closed the gap to two points at 26-24, but that was the closest they could come to the fast-breaking Marylanders. Inability to connect at the free-throw line hurt the Terrors, who only made good on five of 22 foul attempts. Neal led all scorers with 17 points.

The Terrors bounded back in the win column with a conference victory over Clemson deep in South Carolina territory. The game was a bitterly contested affair which could have gone either way up to the last 50 seconds of play. Neal started the scoring when he hit the basket for State in the opening seconds of the game. Clemson took a 5-2 lead in the next few plays, then at the end of seven minutes State again moved out in front 8-7 and went on to lead 28-18 at the half. During this first half the score switched hands five times. With nine minutes left to play in the second half State led 42-39. From this point up to the two minute mark the lead seesawed to where State was leading 44-43. A Clemson player missed two foul shots which would have put the Tigers ahead with but 50 seconds of playing time left. In the last 30 seconds Turner and Neal each accounted for a State ringer closing the game at 48-43. Turner was really hot on his overhead shot, scoring 22 points while Neal dropped in 10.

Turner

Kohler

The Terrors made it two victories in a row by defeating Davidson at Davidson in an extra-overtime period. The Wildcats led at the half by seven points at 19-12. The game was a rough and tumble affair throughout with the score deadlocked 32-32 at the official end. During the five minute overtime each team could only bag four points so the score remained tied at 36-36. In the second extra period State pushed ahead on baskets by Howard Turner and Jim Boger to finally win the game by a three point margin 44-41.

Boger to finally win the game by a three point margin 44-41.

Hubba, hubba, whatta' game! Duke University, fresh from an extra period victory over Carolina, visited State College for an expected breather, but instead were pushed to the limit in defeating a fighting State Quint. The game, up until Duke's superior reserve power began to tell in the last six minutes, was one of the closest ever played in Frank Thompson Gym. The lead exchanged hands 11 times and the scored was tied eight. Everyone seemed amazed as Kohler kept dropping in uncanny shots while Hartzog was practically holding Duke's great Seward pointless. State was leading 20-16 at the half, but about midway of the final period the Dukes turned on the pressure and caught and passed the Terrors. Neal, Nickels and Boger played heads-up bail, as did Hobbs, one of whose shots stuck between the goal and the backboard for certainly what was the most unusual shot of the season. As the game ended, Duke had won 46-34, but State fans seemed well satisfied with the Terrors showing against mighty "Dook."

McCrary Eagles of Asheboro came down to State to play the Terrors and won a decisive 54-29 victory. State opened the scoring with a field goal by Kohler and continued out in front to lead 12-7 after 11 minutes of play. Then the Eagles rallied to tie the count at 15-15. The visitors really put the pressure on and scored 11 quick points before State was able to register again. The halftime score was 29-16. After intermission the Eagles continued their supremacy to go on to a 54-29 victory. Neal led State's scorers with 8 points.

State dropped their third straight game, this time to the University of Virginia, 53-29. The Cavaliers stepped into an early lead and were never headed in the one-sided victory. The Terrors were behind 23-12 at the end of the first half, and failed to score the first 10 minutes of the second half until Dick Nickels dropped in a basket. Boger and Hartzog led the Terrors with six points each.

The next night the Red Terrors invaded Maryland for a second try at the Old Liners and were nearly successful in defeating the Maryland Five. Maryland led by a substantial margin until the last five minutes of play when State started a rally that cut Maryland's lead to one little point. The halftime score was 20-7 in favor of the Old Liners and State closed the gap to 37-33 at the close of the game. Turner with 14 points led the State team in scoring.

Jump-ball

Carolina's White Phantoms treated the Terrors sorta' rough when State visited Chapel Hill. The Terrors dropped the game and also moved to eighth place in conference standing as a result. With the exception of the first eight minutes of play, the Tar Heels had things pretty much their own way. Hartzog started the scoring with a crip shot. Carolina quickly tied the score and then Boger hooked one in to make it 4-2 and the Terrors came to life to take a 11-8 lead; but Carolina gradually caught up and tied the score at 12-12. From then on State just couldn't hit the basket. The Terrors scored no points in 11 minutes while Chapel Hill dropped in 19 to run the score to 31-14 at the half. After intermission the only bright spot for State fans in an otherwise dull setting was the work of lanky Jim Boger. He scored 14 of State's 20 points in the last half on a nice hook shot and several follow-ups.

State continued their losing streak by dropping another game—this time to the Little Creek Amphibious Training Base cagers, 45-34. Kohler scored the first points of the game after a nifty set-

Milton Hobbs

"Chesty" Neal

"Sleepy" Morris

Jim Boger

up pass by Bill Neal to give State an early lead. The lead see-sawed back and forth several times and finally was tied at 14-14, at which point the Sailors pulled up their anchor and moved ahead to stay cut front the remainder of the game. The half-time score was 26-16, and the Terrors never were able to narrow the margin after intermission. Final score, 45-34.

Wright Field's classy Kitty Hawks, rated by experts as one of the country's best teams, lived up to their standard by defeating State at Frank Thompson Gym. The Ohio team was composed chiefly of former college men, several of whom were All-American basketball players. The Hawks seemed able to score at will and quickly jumped into an 8-0 lead and continued their torrid pace to lead 33-12 at the half. After intermission the Terrors played heads-up ball and battled the Kitty Hawks on even terms, scoring 31 points to the visitors' 32. Turner dropped in twelve points to lead the State team, while Boger, Nickels and Hobbs were close behind with seven each. Wright Field 65; State 43.

Turner scored the first basket of the evening after two minutes

of play, then the Blue Devils tied the score at 2-2, 4-4, 5-5, after which they quickly rang up 12 points to run the count to 17-5, State going scoreless. The fans were beginning to have that ole' "I knew it" look when Stan Kohler got hot and dropped in seven straight points and the thusly encouraged Terrors rallied to trail only two points, 20-18 at intermission.

After the half Duke pulled into a 27-18 advantage and for the rest of the game was out in front by a comfortable margin. The Red Terrors played good, steady ball, but they missed many shots and also made only nine of 25 attempts from the free throw line. Kohler, Turner and Morris led the scorers for State with nine, eight and five points, respectively. Final score, Duke 56, State 33.

Knowing they must win three of the remaining five games to land a berth in the Southern Conference tournament, the Red Terrors bounded back into the win column by defeating Wake Forest at Raleigh. State was leading 22-21, when Bill Neal, a war veteran freshman, got to work—three field goals and one foul shot in a couple of minutes by Neal and State was out front 29-21;

Turner shooting against Kitty Hawk soldiers.

Kohler strains . . .

"Hotdog" gets hot against Carolina.

however, the Deacons fought back gamely and were only trailing 32-29 when this same Neal came through with another basket with but seconds to play to give State the much needed victory 34-30. Turner and Hartzog turned in bang-up guarding jobs, and Boger bagged eight big points.

Carolina's dream team came over to Frank Thompson Gym for a light workout with the Terrors and were able to win only through the efforts of Bones McKinney, a former State player who found it more "advantageous" to go to Chapel Hill. A quick rally by Carolina and the half ended in the Tar Heel's favor 28-24.

After 1:45 of the second half Carolina pulled away to a 10 point advantage, but baskets by Hartzog and Boger cut the lead down to five points. The advantages offered by more seasoned players plus the added height of the Carolina players enabled them to go on to a 55-44 victory. The State Quint played one of their best games of the season. Dick Nickels was the most effective State scorer with 13 points, but Hartzog, Morris, Neal, Turner, Boger and Kohler all turned in a swell performance.

The Red Terrors, continuing their improved brand of ball, battled from behind to register a 51-46 overtime triumph over the Clemson Tigers to keep State in the running for a spot in the Southern Conference tournament. The Tigers then forged ahead gradually to lead 27-19. State came back with five quick points to make the half-time score 27-24, Clemson leading.

After intermission Boger poured in two hooks to tie the score at 29-29. The crowd of 3,000 was constantly on its feet from here on out. Stan Kohler took a terrific spill and dislocated his left arm at the elbow. He seemed in great pain and as he left the court the crowd gave him a big hand. The score was tied nine times, and it was little Howard Turner who tied things up the last time. Despite the terrific pressure of but a few seconds remaining in the ball game, Turner stepped up to the foul line for two free throws and a chance to tie the game at 45-45—and he made both shots. The crowd went wild. He dropped in four of State's six overtime points to lead his mates to a 51-46 victory. The officiating for this game seemed a Little under par to most of the

fans. Jim Boger dropped in 17 points to lead the State scorers; Turner got 10 and Neal scored 14.

State went to Wake Forest the next night, and the effect of the tough game with Clemson plainly showed as they lost by 20 points to the Deacons. Both teams started the game playing cautiously. Three minutes of play elapsed before Turner connected with a set shot to send State into a 2-0 lead. Wake tied it up and Turner came back with another goal and a free throw to give State a 5-2 lead. Wake Forest scored three quick goals to take the lead but Turner again was true on a long set shot and State once more led. Wake caught and passed the Terrors to lead by four points 15-11 at the half. Neal became the second State player in as many nights to be injured when he hurt his shoulder in a collision with a Wake Forest player. Though he later returned to the game, his playing was not up to par. State obviously missed Kohler, veteran floor leader who was injured in the Clemson game. Turner sparked the State team with 11 points. It was his play that kept the Terrors in the game the first half. In the second half Wake Forest gained ample revenge for the 34-30 setback handed them by Coach Jay's lads. They quickly extended their lead and soon had doubled the score at 38-19. The final score was 47-27 and so State still had to win their last remaining game with Davidson in order to assure themselves of a tournament spot.

In the final game of the current season, State battled from behind to defeat Davidson's Wildcats 49-42. Despite the sellout of 9,000 tickets to the Carolina-Duke game in Durham, about 2,000 fans turned out to see if State would land a berth in the Southern Conference tournament. Coach Jay had another player injured when big Jim Boger sprained an ankle, although Neal's shoulder seemed in good shape for he collected 11 points to tie with Turner for scoring honors. The hard-fought contest changed lead six times and the count was knotted five times in the second half. Turner scored the first five points for the Terrors to keep them in the game, then Davidson got hot and ran their score to 13-8. The score increased to 24-20, the Wildcats leading, when Cool, a substitute who had played

but little ball all season got his long set shot working and flipped in two quick goals to tie things up 24-24 at the half. After intermission Davidson went ahead, but State tied the score again at 29-29. Then State went ahead on goals by Boger and Cool, but Davidson came back strong to tie and pass the Terrors 37-34 with nine minutes remaining in the game. Then baskets by Turner, Hartzog, and Neal tied things at 41-41. Turner scored again along with Morris and the game ended with State earning a 49-42 conference victory.

After spending a long afternoon debating whether or not the Red Terrors would be given a berth in the Southern Conference tourney, the committee finally agreed the State team should be represented. So the first afternoon State met the mighty Devils of Duke, who were seeded second.

State surprised everyone by leading Duke the entire game, but the Terrors were weakened by Hartzog's fouling out and so weren't quite able to cut off a Duke rally which tied things up at 36-36 at the end of the regulation time. The game was one of the fastest, roughest and most exciting battles in tournament history, and the capacity crowd was kept on edge from the opening whistle to the final gun. State was the underdog, but a stranger at the game would never have known it. State held a 22-20 lead at the end of the first half, and after intermission dominated the action to the extent of going ahead eight points at 32-24. Hotdog Hartzog, playing his best game of the season, went out on personal fouls at this point and the baffled Dukes made a determined bid that could not be stopped. With but eight minutes remaining in the ball game Duke started pouring the baskets in and State wasn't able to match the pace and so the Devils scored to tie the game at 36-36 with two minutes left to play. Neither team was able to score in the remaining time as they battled each other all over the court for possession of the ball. In the overtime Duke scored four points to make it 40-36 when Turner dropped in State's last basket and so the final score went to 44-38. So another season ends! And the old familiar cry of wait until next year rings over the campus and if certain rumors that are circulating come true then there will be bigger and better things for State on the court NEXT YEAR.

litterbugs

BASEBALL

Beattie Feathers, coaching his first baseball team at N. C. State, announced early in the season the Terrors wouldn't be sensational, but "ought to win a few games." The State lads played good headsup ball all season and finished up with a better than .500 average. Wood and Wilson were the only two holdovers from the previous year and with the rest of the members playing their first year of college ball, the outlook wasn't too bright.

The starting lineup usually consisted of Kohler, Wood, Perry and Richkus in the infield, with Evans behind the plate. Wilson, Gibson, and Gilmore were the outfielders with Bill Riggan doing most of the pitching.

In the season's opener, State defeated the Cherry Point Marines, 11-9. Cherry Point was leading 9-6 at the beginning of the eighth, when State put on a five-run spree. The Terrors got 12 hits off four marine pitchers, while Jimmy Wilson, the winning pitcher led State's moundsmen in holding Cherry Point to five scattered hits. Paul Gibson and Wilson with three hits each, were the heavy guns in the State attack.

The Terrors got off to a good start in the Ration League opener by defeating Carolina Pre-Flight's Cloudbusters, defending league champions, 9-7, in a wild-scoring contest on Doak Field.

The State team exploded in the third and sixth innings with three runs in each frame to put them in a commanding lead, and added one more the fourth and seventh to clinch the victory. Bill Riggan was the winning pitcher and he was given heavy support at the plate by Wilson and catcher John Evans, with two hits each in five trips to the plate.

State next journeyed to Chapel Hill to engage the Carolina Tar Heels and were slugged to a 14-13 defeat. 11 State men were fanned, and the entire team only gathered nine scattered hits. Wilson with three hits for four and David, two for three, were leading State batters.

In the next contest, State combined timely and long-distance hitting with effective pitching to trip Navy Pre-Flight 12-6, for their second Ration League win. Richkus drilled a three-bagger into right field to score Wood in the opening stanza and the closest the Navy team could come to the lead was a 6-6 tie in the fifth. Riggan was the winning moundsman, and Richkus, Wilson and Kohler led the State hitting attack.

The hard-hitting Red Terrors made it three victories in a row over Carolina's Pre-Flight Cloudbusters by coasting to a 13-4 Ration League triumph on Doak Field. State went ahead 4-2 in the third on Gibson's homer. The Cloudbusters tied the count in the fourth, then State put the pressure on and scored five runs to clinch the victory. Wilson started the game, but was relieved by Riggan. The State batters, who gathered 13 hits, were led by Wood.

A six-run rally in the eighth inning gave the Carolina Tar Heels a 6-1 victory over State at Chapel Hill. The Tar Heels had been able to get but four hits off Bill Riggan and were trailing 1-0 when they suddenly opened up on the southpaw. Pickett got two hits in four trips to the plate to lead the State batters.

Although it took them 11 innings, State maintained its jinx over the Navy Pre-Flight School by turning back the cadets in a 5-4 thriller, for the Terrors' fourth victory. Wilson went the route on the mound for State while Richkus and Kohler led the batters.

The Duke Blue Devils collected four hits and seven runs off Lefty Riggan in the first two innings and went on to defeat the Terrors 9-1 in another Ration League game on Doak Field. The defeat was the Terrors' third set back. Evans was the only State player to collect as many as two hits.

Bill Riggan enabled State's Red Terrors to break a five-year jinx by blanking Carolina's Tai Heels, 6-0 on Doak Field. The Macon southpaw allowed only two hits and three walks to clinch his fourth victory in five loop starts. The Terrors picked up all of their runs in the fifth and sixth innings. The State attack was led by Evans, Wilson, Perry and Kohler.

The Blue Devils continued on top of the Ration League by blasting a 5-2 victory over State. Coach Feathers crew, with Wilson on the mound all the way, gave the Devils a big scare in the eighth when

two hits and one error scored a run, but three men died on base. Pitcher Wilson, hitting in the cleanup spot, led with two hits for four

Pitcher Jimmy Wilson enabled State's Red Terrors to break another jinx, this time a six-year one held by Duke. The Terrors scored an 8-7 victory in a 11-inning contest played in Raleigh. The Scotland Neck righthander knocked a home run in the first frame to tie the score at 2-2 and then tripled and scored the winning marker in the eleventh. He gave up 13 hits but tightened in the clinches to fan six and leave 11 stranded. Mussack's spectacular stab of a hard hit to left field in the last of the eleventh saved the day for State.

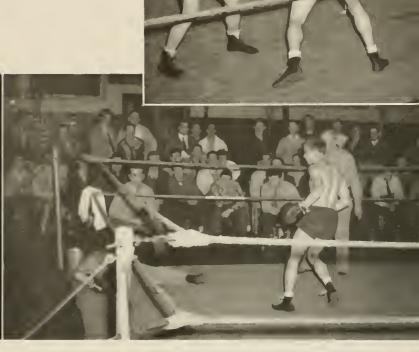

In the last game of the season, Duke's Blue Devils pounded out 16 hits to beat the Terrors, 16-15 in a game which saw three home runs, three triples, and the score tied twice. State got 17 hits off two Duke hurlers. Al Perry, who clouted a triple, two doubles, and a single in six times up had the best day at the plate.

Thus ended the 1945 season for the Terrors, who ended up with a record of six wins against six losses for a .500 average and third place in the war-time Ration League.

INTRAMURALS

With our enemies conquered and huge numbers of veterans returning to the State campus, the intramural program has again obtained its prewar prominence. The leaders in each league are clasely grouped and with softball, tennis and track champians still to be crowned in the spring term when the AGROMECK is going to press, the winners can not yet be picked. This expanded intramural program has been accomplished largely through the effarts of Mr. Jahnnie Miller, with the able assistance of Mr. Charlie Doak. With the college showing continued growth and with several new dorms to be erected in the near future, the intramural program will not be adequate, unless several more tennis caurts and ball fields are constructed.

In the fraternity league the Sigma Chi's are out in front, with the Sigma Pi's and the Pika's still in the running. The summary of points made for the fall and winter terms is given below. The winner in each sport is also listed:

Sigma Chi 612—Basketball, Boxing. Sigma Pi 537 1-3—Football. Pi Kappa Alpha 513 1-3—Volleyball, Swimming. Sigma Phi Epsilon 455. Sigma Alpha Mu 299. Delta Sigma Phi 250. In the Dormitory Division, Welch is ahead with 594 paints, while Lower Bectan is close behind with 537 1-2.

The standings for the first five teams and the winners in the various sports are listed for the dorms:

Welch 594—Football, Volleyball, Baxing. Lower Becton 537 1-2—Basketball. Upper Becton 408—Swimming. 3rd Bagwell 345. South Watauga 290.

Boxing is the sport that draws the best attendance and the revenue obtained from this sport is used to buy the trophies and the various All-Campus medals that are awarded to the fellows who are fortunate enough to be selected for these highly contested awards. Here are the men who fought in the Boxing All-Campus, with the winners listed first:

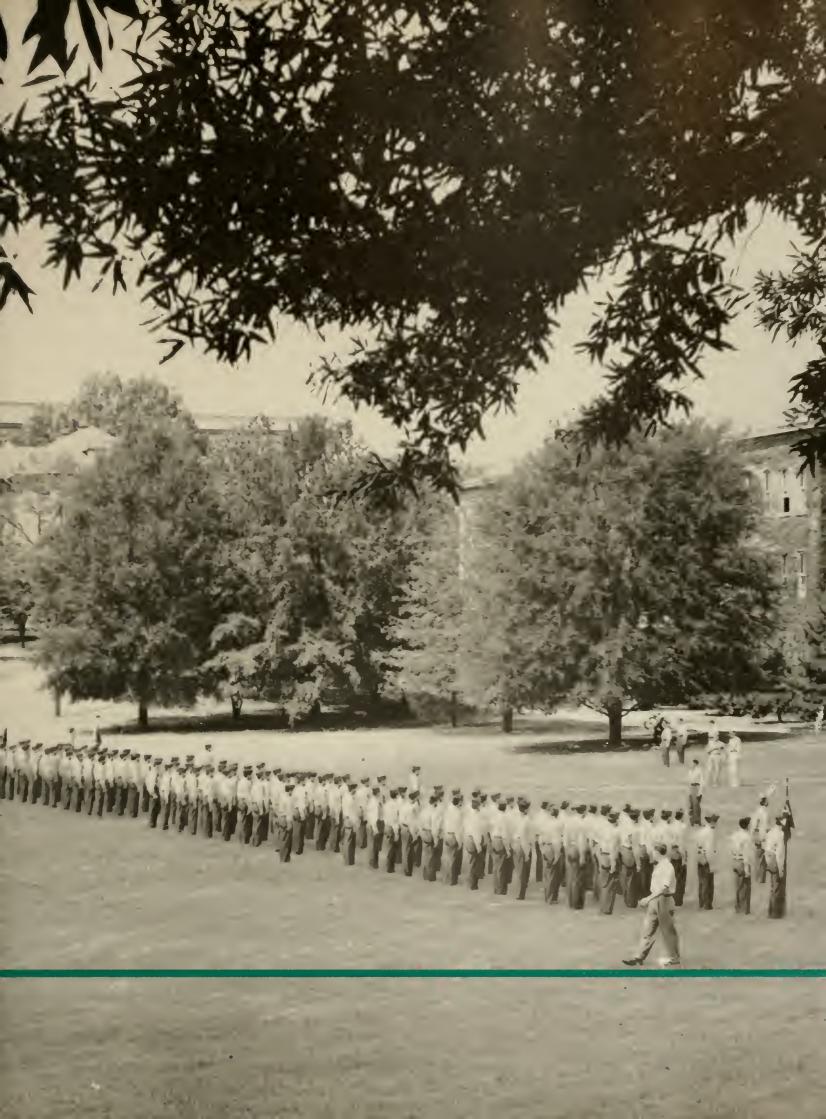

Hall—Berry. Edwards—Sigma Pi.
Wyatt—S. P. E. Truitt—Sigma Chi.
Sawrey—Sigma Chi. Hayes—Welch.
Sewell—Sigma Chi. Bundy—Berry.
Johnsan—Lower Becton. Shuford—3rd Syme.
Mintz—2nd Turlington. Thompson—Sigma Chi.
Hardison—Welch. Hayes—Sigma Chi.

Crigler—S. P. E.

MILITARY-

MILITARY DEPARTMENT

As the war came to an end, the activity of the Military Department changed from the high pitch to which it had been held to a slower pace. The A. S. T. P. unit was removed from the college, and the R. O. T. C. was mostly concerned with the pre-induction training of students under eighteen. The department has been making preparations for the re-establishment of the advanced course in R. O. T. C., which begins in September, 1946.

ANNOTATIONS

Watauga V-E night

It never fails to happen . . . rain at the beginning of registration week, that is. Only this time the frosh caught it all. Somehow or other it was actually right nice weather when the upperclassmen got here. That Technician that came out at registration helped us to get back into the swing of things in a hurry. (As if we wanted to!) Back-slapping old friends and meeting new ones . . . and, of course, taking on occasional glance at the new co-eds—Gee, there were almost forty of them this time!

It seemed like old times having so many dorms open to regular students, though, of course, some of the boys that got here a little late may have regretted it when they found out what a long walk it is all the way out to Alexander. And the funny weather we had around the first half of October didn't help matters any, either. Remember how the days would start off so cold

They're always there

that you'd need an overcoat and then warm up to where you'd have to take off your sweater in the afternoon? And yet the nights were so cold that you had to have a good heavy blanket or you would freeze. Just ask anybody who lived in Watauga that

first cold day at the beginning of October how it felt when the steam pipe from the powerplant broke. It was always so encouraging to hear Fletcher give the temperature at the end of each morning's Tempus Fugit. In four days once, the temperature went down ten degrees every day. And it was only 65 when he started. Still, Tempus Fugit did help some. Nobody was sleepy after a couple of renditions of Walter, or He's Dead But He Won't Lie Down, or one of Fletcher's eight o'clock fairy tales. And while we're talking about radio shows who could ever forget Red Monro and his Night Owl Club? He was dead, but he wouldn't lie down, either!

You know, there's nothing like the football season for putting pep into you, is there? We just had some good games in October. It was really a thrill watching Turner break away down the sidelines for a long gain, or seeing Bobby Worst catch those VMI men just in the nick of time. It was a shame to lose those first

Jump, Joe

few games by such small margins, but like everybody said . . . "It's okay, just so we beat Dook!"

October 15 was a day to go down in history as the most trying day of the term in the lives of a good many State stoods. That was the day that the rumor broke out that there had been a case of Polio at the Angel Farm, and that all the girls were going to be quarantined for nobody knew how long. When the dawn of the next day disproved the story it began to look suspiciously like a test the girls had planned to see if the boys thought enough of

Do you see them yet?

We don't know who it is, either.

them to drop everything they were doing and go out to west Raleigh for one last fling. The proof that it was completely successful can easily be shown by a glance at all of the flunked quizzes of the sixteenth. It was kind of a mean trick, though. Parker and Thomas weren't worth anything for days after that awful scare!

The Deacons came to town on Saturday, the twentieth. What a game!!! It was as exciting as the Duke game. With the one point lead that Wake Forest managed to get, and hold, it was

heart-breaking to see the end of the game. That sure took the point out of all the predictions of the score, though. And incidentally, did anyone find out if it was really Ed Sullivan who got Pocahontas out of the tree on the night of the game? (We don't know, but the TECHNICIAN said so.)

Well, the Veterans Club held its first annual Harvest Ball on the twenty-seventh, and it really was swell. It began to look like the war was over when everybody sow the fine decorations in the gym.

The next week was homecoming. State played VPI, and followed the victory with the Monogram Club's dance. Woody Hoyes made with the music, like at the Vets' Ball, and everything was mighty nice. If you missed seeing pictures of the Monogram dance in this book, blame it on Wroton. Curiosity fouled up the nice, brand new camera, which was to have its debut at the dance. But the eight nervous hours that it took to fix it paid for the loss. We apologize, anyway.

Then came the Duke game! With the old familiar cry "Beat Dook" on everyone's lips, we mobbed Durham. We'll admit that the stadium wasn't packed, but there were a lot of people who wished that they had gone to that game. Like Charlie Richkus said, we didn't go over there for nothing, "we're going to raise hell with them." We didn't win, but it sure was good to get the Dook score down to where we could count it, and the State score

up to where we could see it. That 105 yard run, of Turner's was the top spot of the day, though. Yes sir, that's our boy.

Of course, the Barnwarming was next. Al Millman and his boys put in their first appearance then, and they were plenty all right... One more thing that we've needed for a long time... Boy, that barn really got warmed that night!

Remember the crowds that bought so much ice-cream at the State Drug Store along about the end of November? And why . . .

Fall term exams came, as they always do, and after the slaughter, holidays. (As they sometimes do.) It was quite a battle to get the extra days on vacation, but we did manage to talk the powers-that-be out of four. Naturally, that didn't take us through

Anybody got the time?

New Year's. We had real Christmas weather that time, though. In fact, the poor souls that didn't get away from the dear old alma mater on time had a tough time getting home.

That first post-war Christmas was really one to remember, too. With the old crowds getting together for the first time in years, home began to seem like home again.

Lolling in the sun.

"But, oh, what it seemed to be!"

But New Year's Day found most of us back at the old grind, again, with pleasant memories of the holidays, and, perhaps, a few scars on the heart strings. The guys that stayed home for extra days may have been smart. After all—What's the difference between cutting classes because you are home and cutting them because you can't stagger around to them?

There was quite a jump in enrollment when the Winter term began. A total of about 2150 students had been enrolled, of which 1500 were on the "G. I. Bill of Rights." All of the dorms were being used for civilian students, and everything was taking on the air of crowdedness that was to be so evident later on.

The middle of January brought a quick change in scenery. The day that Wooten's editorial against walking in the streets on

Don't drop the coke, Red.

the campus came out it snowed and sleeted so hard that for a week there wasn't anywhere else that you could walk. But, of course, a little thing like six inches of snow didn't stop any classes.

The college "Y" kept up its spirited program of activities with Religion and Life Week. . . And the work on the new balcony in the East Cafeteria was slowly progressing. You could almost tell what it was going to be!

After something of a lull in things social during the last of January and the first of February, things began to happen again. The I. F. C. Mid-Winters came on the weekend of February 22

The State side

and 23, with Bubbles Becker and orchestra handling the music. That is, the part that wasn't handled by the gentlemen in the back room during intermission . . . That singing battle between the Pikas and everyone else (Chi's, that is) was something to watch.

Klaghorn was a risen star, and as a result the campus was going generally nuts with "That's a joke, son." And Alpha Sigma Sigma time was here . . . But since only one fine gentleman voted, the whole thing folded up. It was about time, anyway, don't you think? After all, everybody knew who the deserving men were without having to read it in the paper.

March 1 brought the announcement that the callege would have a graduate department in Diesel Engineering, with Prof. R. B. Rice as its head. It was about time that we got some good out of our very fine Diesel school.

Further evidence that we were getting up in the world came about the same time when L. W. Lucian Bill Gatlin, our most highly esteemed (and often steamed up) student government president, talked the engineers into changing the traditional name of the Engineers' Brawl to the more refined and sedate

Ptomaine serves "food."

Take a hint, Major.

Engineers' Ball. And speaking of the "Ball"... It was held on the second of March... the tea dance and Saint Patrick ceremony in the afternoon (with a few surprises!), and the regular dance that night. Of course the banquet for the Engineers' Council members was held, too. (We wouldn't mention this except that we want Ed Mahoney and Mr. Frank Jeter to be sure and remember it... mutually.) The dance was a lot of fun, but while the music that Lee Castle played between pauses was good, it was a little too fast for smooth dancing, or so it was said...

The rifle team took first place in the Fourth Service Command area this year . . .

It didn't take long for the Winter term to come and go. Exams began on March 11, just another period of sleepless nights and thoughtless days for most of us. The guys like Mizelle and Thomas were the lucky ones . . . they graduated then! It was hard to figure at this writing which one of those fine gentlemen would be the first 1946 graduate to be married, but they were running a close race!!!

Brown always starts with the same thing.

Early registration made things a little easier this year. We actually got a few Spring holidays for a change. But things really happened while we were gone . . . they weren't kidding about putting three students in each dormitory room . . . and with only two tables, too!!! Almost 2800 students were registered.

In the early weeks of the new term, our three school publications which had been suspended since early in the war made

their triumphant reappearance. THE AGRICULTURALIST, THE TEXTILE FORUM, and THE SOUTHERN ENGINEER came out with flags flying.

Something new was added on March 23, when the "Y" gave its dance at the gym. Even with records instead of a band, it was one of the most successful dances of the year. The girls from Saint Mary's and Peace seemed to enjoy it, too. And the free refreshments didn't hurt anything, either.

The term moved on . . . Dr. Mildred Inskeep Morgan spent a week talking at the "Y" about a very interesting subject, marriage . . . "Hello Week" was revived during the second week in April. Everyone seemed to be too tired or busy to make it the

Cars stopped; classes didn't.

Our man.

success that it should have been, though . . . The trailer camp city, "Trailwood", was still growing . . . The Junior-Senior Ring Dance was in the making for April 27 . . . Campus-wide elections were being set up for the beginning of May, and some real politicking seemed to be in the offing . . . And finally it was time for the AGROMECK to go to press . . .

It's been a good year. Lots of nice things have happened, and everybody is glad to be back in school. Now our AGROMECK is all finished; we've only got to write the rest of this last paragraph. We hope you like this book, and we hope that it will help you save some pleasant memories. We just want to leave one final thought far you to see in years to come: We've just finished a war. We know why it was fought, what it cost to fight it, and how to avoid fighting it again. Let's not ever be dumb enough to let our stupidity blind us to the things that we know, but let's keep our heads up and our eyes open, and most of all, let's remember.

"Your socks don't match!"

WAR AND PEACE-TIME PRODUCTION

During the war Cramerton Mills, Inc., gained wide recognition for their production of war needs of cotton uniform cloth for all branches of the service—8.2 oz. Army twill, 9 oz. wind resistant sateen, 5 oz. wind resistant poplin overcoat lining, Army shirting and various other fabrics. These fabrics were used in camp, combats and furloughs. It was cotton for the tropical and the outer shell of cotton for sub zero fighting.

Now that victory has been achieved, we are again producing for our civilian customers—the fabrics you have been waiting for are back again, lovelier, more beautiful than ever. Those pastel shades of swagger gingham, yardstick gingham, Cramerton seersuckers for men's wear, Piedmont gabardine, sateen and twills, also rayon flat crepe, sheer crepe, cross dyed taffeta and cross dyed seersuckers, and numbers of other fabrics to come.

Cramerton Mills has a formula: Fabrics of "can't be copied" character, merchandise on a quality basis, widely advertised and generally preferred.

Textile Graduates

It has been Burlington Mills' pleasure to place as management apprentices in its various plants a number of young graduates direct from State College. Many have built long-term careers with the organization and have seen for themselves how Burlington's promotion policy works from the inside. They know that 81% of the key men at Burlington have reached their present positions through promotion from within.

Opportunities at Burlington Mills are open to young men in textile manufacturing, textile weaving and designing, yarn manufacturing, industrial management and personnel administration throughout the plants in North Carolina, Virginia, West Virginia, Tennessee, Pennsylvania, Australia, Canada, Colombia, Cuba, England and Mexico.

Over 16,500 men and women today have found a place in this organization whose operations are now world-wide. As Burlington continues to grow it will need more men with ability, initiative and foresight to fill managerial jobs.

ELIMENTARY, MY DEAR WATSON!

Here's a problem for you, Watson. What living cost has DECREASED while nearly all other costs have gone right on rising?

Are there any clues, Holmes?

My dear Watson, the answer is at your fingertip. What else gives you three times as much for your money as it did 20 years ago? What else is ready day or night, winter or summer, to lighten your tasks and make life more comfortable for you? What else gives you so much service for just a few pennies a day? What else, my dear Watson, but Electric Service?

Yes, Holmes - but WHODUNIT?

Elementary, my dear Watson. Electric service—dependable and cheap—is the result of hard work and experience on the part of the men and women of your electric company—under sound business management.

AN OPEN SECRET ABOUT S&W KNITTING MACHINES

AN OPEN SECRET ABOUT S & W KNITTING MACHINES

There is no secret about Scott & Williams' leadership for seventy-nine years as a manufacturer of circular knitting machines.

However, the reason for this leadership may not be so generally known—a program of continuous research to improve present machines and develop new ones.

A recent and gratifying result of this policy is the S & W machine for knitting no-seam Nylon Hosiery.

Other improvements and advances in design are pending and will be announced when machine production is resumed.
